Caricatures

fun, personalised artwork for gifts and special occasions

Fat Arts creates custom caricatures full of personality, humour and life. They're a unique and memorable way to celebrate people, places and moments — perfect for gifts, keepsakes and special occasions.

What we need from you

PHOTOS / IMAGES

The more and better the photos you provide, the better the caricature.

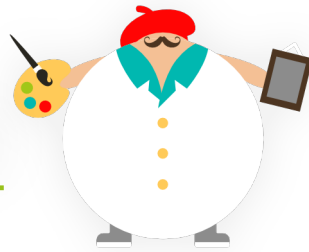

- We need some clear face shots, about half a dozen is usually good (but the more the merrier).
- A body can be caricatured as well as a face, include some full body photos as well.
- Let us know if things have changed. For example we can sketch hair shorter and make bellies bigger if the photos don't show it.
- If there's photos of their car, favourite footy jumper, pet — anything you'd like to be included in the caricature — give us those as well.
- Images gathered from the internet are most welcome (these can help if you haven't got photos of particular things (eg. a specific car model, a footy logo, etc)).
- Facebook is often a good way to gather photos and information.

INFORMATION

What do you want in it? The more details you give us, the better it can be.

- Do you want the picture to have a theme, say at the beach?
- What are they wearing?
- What's their personality? Loud and obnoxious? Shy and quirky?
- Have they got a particular pose? (eg. hand in pocket? arms crossed? wide stance?)
- Have they got a favourite drink?
- What do they do for a living?
- Where are they from?
- Travels?
- Anything amusing or memorable we should include?

SIZES

Our standard sizes of A4, A3 and A2 are approximate and may vary slightly depending on the design and layout of the caricature. If you're after a particular size (maybe to fit a standard store-bought frame) just let us know and we'll do it to suit.

BASIC / STANDARD / COMPLEX

What's in the caricature. If you want heaps it will be complex, if you just want the subject and not much else, that's basic. Somewhere in between — standard. Some examples...

TIMING

Generally about a month. But saying that, if you give us longer we'll take longer, or you need something a bit quicker we'll do everything we can to get it to you on time.

FRAMING

Every caricature comes bordered with a quality Crescent mattboard. If you'd like a double matt or a particular colour just let us know. Any framer could just pop this into a frame. If you have a frame and want the caricature to fit, just let me know the size.

SUBMITTING YOUR CONTENT

If you'd like to commission a caricature phone or send me an email of what you'd like so I can schedule it in. I will then give you an approximate deadline of when I'll be needing you to submit your photos and information. You can post these to me or digital photos and information can be emailed to fatarts@fatarts.com.au. Please send digital photos as large as possible.

PAYMENT

Unless otherwise arranged, we require payment upon collection or delivery of the caricature. We accept: cash, Electronic Funds Transfer, Paypal and Credit Card. Our EFT details are:

COLLECTION / DELIVERY

All Caricatures can be collected from Fat Arts in Bridgetown, Western Australia. They can be posted within Australia for \$15 or overseas (price to be quoted).
